

Vocational Educator Enrichment Programme

Iva Dahl, Ed.D

President

Bahamas Technical & Vocational Institute

Nassau, The Bahamas

Presentation Objectives

- * To introduce participants to best practice in technical and vocational education.
- * To introduce participants to certification modules for technical and vocational education and training.

Overview of the Vocational Educator Enrichment Programme

- * College based courses for the Vocational Educator Enrichment Programme are designed to specifically focus for vocational educators in syllabi development, instructional design, course delivery, classroom assessment and management.
- * The programme seeks to “create an educational system that is technologically sound and competitive to enhance and develop the strength of each child whether academic or otherwise.”

Objectives to guide the Vocational Educator Enrichment Programme

- * To incorporate technology in all aspects of learning.
- * To implement standards of professional certification and re-certification for technical and vocational educators.

Programme Methodology & Outcomes

Methodology

- * E-learning platforms
